1.4 Screen: Products

The screenshot shows the Justatea website's homepage. At the top is a green header bar with the logo "Justatea", a search bar, and navigation links for "Trang chủ", "Thực đơn", "Về chúng tôi", "Hình ảnh", "Hỗ trợ khách hàng", and a shopping cart icon. Below the header is a large banner featuring a cup of coffee with milk being poured and two croissants. The main content area has a title "Thực đơn" and two dropdown menus: "Sort by Price" and "All Prices". Below these are five category icons: Tea (cup), Cafe (cup), Juice (juice glass), Smoothie (smoothie cup), and Food (fork and knife). The background of the main content area is a blurred image of a coffee shop interior.

The screenshot shows the "Thực đơn" (Menu) page of the Justatea website. It features a title "Thực đơn" and the same dropdown menus as the homepage. Below are five category icons: Tea, Cafe, Juice, Smoothie, and Food. The main content area displays a grid of six product cards, each with an image and a name. From left to right, the cards are: Espresso (32000đ), Latte (35000đ), Cà phê đen (30000đ), Nước ép detox (42000đ), Bánh quy socola (20000đ), and Cappuccino (40000đ). Below this grid is another row of four smaller images: a smoothie, a cookie, a latte, and a tea cup.

- This website's “Thực Đơn” page will appear when the customer clicks on the “Thực Đơn” tag in the navigation bar. This page shows all the products the shop has.

- Product Name and Price: The product's name is clearly shown alongside its price, making it easy for users to identify the item and its cost at a glance.
- Size Selection: If the product is available in multiple sizes, buttons or dropdowns allow customers to choose their preferred size, with any associated price adjustments clearly indicated.
- Topping or Add-on Choices: For customizable products, additional options (such as toppings, sauces, or extras) are provided. Each option usually includes a brief description and any additional cost.
- Add to Cart Button: A prominent button enables users to add the selected product and any customizations directly to their shopping cart, streamlining the purchasing process.
- Comments or Reviews Section: A space for customers to leave reviews or comments, offering social proof and helping others in their decision-making process.

1.7 Screen: Shopping Cart

The **Cart** page will show all the products in the customer's cart as well as buttons to increase, decrease quantity or remove the product. After reviewing the cart customer can click button “Đi đến mục thanh toán” to checkout.:

First, when no products have been added to the cart yet, this page will show a banner to notify customers and append a link for customers to click to move to the **Shop** page for the shopping process.

Sản phẩm	Tên sản phẩm	Kích cỡ	Topping	Giá	Số lượng	Tổng cộng	Tùy chỉnh
	Cà phê đen	Vừa	Không	30000đ	<input type="button" value="1"/>	30000đ	<input type="button" value="+"/> <input type="button" value="-"/> <input type="button" value="X"/>
	Latte	Lớn	Trân châu	45000đ	<input type="button" value="1"/>	45000đ	<input type="button" value="+"/> <input type="button" value="-"/> <input type="button" value="X"/>

When customers already add products to their cart, they can click to the Cart icon on the navbar to navigate to this page which will show some summary information about each product, such as name, main image, size, quantity, and price. There are two options that customers can modify:

- By clicking the “X” button in “Tùy chỉnh” tab, the product can be removed from the cart.
- The customer can modify the quantity of each product using buttons “+” for increasing and “-” for decreasing in “Tùy chỉnh” tab.

will be previewed and updated when the user saves their changes.

- After making changes, users can click the "Save" button to apply updates. Changes include updated phone number, address, and new avatar image. The component will handle the upload of the new avatar and update the user's profile information accordingly.
- Users can click the "Cancel" button to revert any changes made during the edit session and return to the view mode without saving.

1.9 Screen: Search Product

You can search for products you like from anywhere since the search bar is right in the Navbar. All you need to do is press the name of the product you want to search then click the search button. And the Menu component will display for you all the products which have the same name as the name you searched for. For an example I searched for *Trà*, so the screen displayed all the products which have the name *Trà* such as *Trà gừng*, *Trà đen*, *Trà lài*.
